

2021 PPLAC Digital Photographic Competition Rules and Entry Specifications

The **DPC** (Digital Photographic Competition) is one of the most important events held by PPLAC, the Professional Photographers of Los Angeles County. Members who take advantage of PPLAC's image competition seminars, workshops and mentoring opportunities will enjoy continuing development of the art and craft of their photography through a process of review and constructive critique. Current PPLAC members in good standing are eligible to enter the Digital Photographic Competition. The rules are enforced at the discretion of the DPC Director with the PPLAC board having final judgment of any disputes that arise. There will be four (4) quarterly digital photo competitions: February, May, August and November (*or as adjusted by the Board of Directors.*)

EACH ENTRY MUST BE IN COMPLIANCE WITH ALL RULES.

A. ELIGIBILITY

1. All PPLAC Active Professional, Retired and Honorary Life members may enter digital image competitions. Related trade, Sponsoring, and Aspiring members are eligible for judge's critiques and merit qualification but are not eligible for Best of Show or Best of Category or any end of the year awards.
2. Affiliates: A member of another PPC affiliate has limited membership privileges and can only enter Digital Photographic Competitions **for Critique Only**. Members of other affiliates may attend general meetings at no charge as long as no member fees are charged. Workshops may be attended at the same cost as PPLAC member fees for that workshop.
3. Anti-Award Farming Rule - A PPLAC member with membership in another PPC affiliate can enter PPLAC's DPC for "critique only" if that member is competing in the other affiliate's image competitions. He/she will not be eligible for PPLAC's DPC and year end awards. If the member is NOT competing in the other affiliate's image competitions, he/she may enter the PPLAC DPC for awards.
4. A maximum of four (4) entries per member may be submitted per competition. **IMPORTANT! ALL ENTRIES MUST BE SUBMITTED** via the PrintCompetition.com website **BEGINNING** at 12:01 AM FRIDAY MORNING THRU SUNDAY at 11:00 PM, **TWO WEEKENDS BEFORE THE COMPETITION**. Look for the DPC Entry Form in the Digital Photographic Competition pull down menu.
5. Entry fees: \$15.00 per image.
6. The entrant certifies that he or she has created, captured, edited and created the original exposure. The processing, image enhancements and any special effects must be done by the entrant or under the entrant's direct supervision.
7. You may not enter an image that was made under the supervision of an instructor, given as a class assignment or created while attending a class or workshop.
8. No two entries (unless entered by different makers) shall be of the same subject within a calendar year (e.g., same model, but different poses or clothing).
9. If your image merits, you cannot re-enter the same person or same subject in the same calendar year. For example, you cannot enter the next frame of an image that merited or enter a different pose of the same person; same location, either morning, noon or night; same landscape – sunny or cloudy; same exact flower – open or closed; same exact animal; same exact insect...etc. The spirit of this rule also extends to subjects that are so similar as to be indistinguishable from each other. For example: two insects of the same species where the markings and color are seemingly the same.
10. You may resubmit an image that did not previously merit, but entries that previously merited 80 or above at PPLAC cannot be re-submitted. Entries previously entered and/or merited at another PPC affiliate competition, any merited image from any PPC State Competition, PPA Western States Regional or PPA International Photographic Competition are not eligible, including any image from a merited album. Aspiring images may NOT be re-entered since they have received a judges' critique during competition which is viewed as a learning tool for this membership category.
11. Entries previously submitted to a PPLAC competition scoring 79 or below may be re-entered one additional time, but only if modified. Critique Only category images for any level may not be re-entered.
12. The Image Maker must be present during the competition. In the case of an exception (e.g., personal emergency, illness, vacation or unforeseen client demands) a proxy may be present to represent you. Each member can only have one proxy visit per competition year. The Image Maker must arrange for a PPLAC member proxy to present his/her signed entry form along with payment at the competition. The Image Maker's proxy must stay for the duration of the competition to accept any awards on behalf of the Image Maker at the end of the evening. Critique Only image makers **MUST** be present. There is no proxy allowed for the Critique Only category.
13. The Image Maker must obtain all necessary releases and agree to hold PPLAC harmless against all claims and liabilities arising out of PPLAC's consideration, display, publication, promotion or other use of each image or other materials submitted to PPLAC.

D. JUDGING PROCEDURES

The point system is used with scores from 100 to 0:

- 100-95 Exceptional
- 94-90 Superior
- 89-85 Excellent
- 84-80 Deserving of a Merit
- 79-78 Deserving a Review
- 77-75 Above Average
- 74-70 Average
- 69-65 Below Exhibition Standards

Critique Only Images: Under the Critique Only category for Aspiring, judges will score but only to decide if the image would merit. If the score is an 80 or above then it will be announced that the image merited (no score) and a critique will follow from one judge.

Images are judged utilizing the following 12 Elements of a PPA merit image:

1. Impact
2. Creativity
3. Style
4. Composition
5. Lighting
6. Color Harmony
7. Center of Interest
8. Print Presentation
9. Subject Matter
10. Technique
11. Story Telling
12. Technical Excellence/Print Quality

Three judges will score each image using the above-mentioned 100 to 0 scoring range. Each image receiving a score of 80 or higher will be considered a Merit image. A judge or judges may discuss or critique only after all scores have been recorded. Judges may challenge another judge's score decision.

All images that receive a judge's score ten points higher or lower than the average score will automatically be challenged. For example:

Judge 1 – 88
Judge 2 – 87
Judge 3 – 84
Judge 4 – 90
Judge 5 – 75

The average score would be 85, (84.8 rounded up to 85). Judge No. 5 is 10 points away from the average and the image would be "challenged".

Should a judge recognize an image, that judge should step aside, and the DPC Director or Moderator will appoint an alternate person to judge the image.

Under the Critique-Only category, a score of 80 or above will count as a "virtual" merit, but is not eligible for any awards or ribbons. Critique-Only category images will not be revisited for up or down vote.
